Capital Group associates drive our charitable giving

Our associates have a longstanding history of being generous and giving back through their time, treasure and talent. Capital stands behind their philanthropic passions and community commitment, allowing them to further the good they do through programs like Associate Matching Gifts, Dollars for Doers and grant requests. The infographic below highlights how we invested in our communities in fiscal year 2015.

Highlights of our giving activity include an increased number of associates participating in the Associate Matching Gifts Program. The program attracted 230 first-time associate donors as a result of expanded matching opportunities.

Our increased associate giving allowed us to extend our reach to nonprofits newly supported by Capital. We’d like to thank our associates for the work they do every day to make a difference in their community.
